**Hosted by AGES – Austrian Agency for Health and Food Safety**

Dear colleagues,

Preparations of the NORM Workshop ENA 2020 are progressing well. Registration is open and abstracts can be submitted to the conference website

[https://akademie.ages.at/ena\\_workshop\\_2020/](https://akademie.ages.at/ena_workshop_2020/)

or simply go to the ENA website

<https://www.ena-norm.eu>

and navigate to the workshop.

With the abstracts and registrations that we have already received, we expect a very stimulating workshop with high quality papers and interesting discussions, with plenty of opportunities to network and exchange professional experience and ideas.

The workshop will be structured along four topical sessions:

- NORM in building materials and re-use/recycling of NORM
- NORM in the industry (including transport-related issues)
- NORM in the environment
- Decommissioning of NORM facilities

Invited keynote speakers include

- Jim Hondros, IRPA
- Jean-François Lecomte, ICRP and
- Oskar van Drongen, Nederlandse Aardolie Maatschappij.

### **Laboratory tour, social events and excursion**

AGES, our host, will organise a tour through their radionuclide laboratory and a social event (workshop dinner, details to be announced).

Those who have not had enough by the end of the Workshop may go on a special excursion to the nuclear power plant at Zwentendorf, in the late afternoon of the 22<sup>nd</sup> of October.

During coffee breaks, we will organise short walks outdoors that keep us fresh and healthy while networking with colleagues.
